leave you craving for more.

- A cast of browsers battling for the crown, each with their unique quirks that are sure to resonate with a diverse audience.

CHARACTERS

"I have to take
first place at the
Space Live!"

AIE

AFFILIATION: MACRO SPACE

"I have no interest in
being the top idol.
But... I hate losing."

G CHROME

AFFILIATION: GOGGLE SPACE

"You say you do
not know me?
My word, it seems
some education
is in order."

HIGITSUNE

AFFILIATION: MOSAIC SPACE

"I won't achieve victory through great effort. Instead, I will attain it in a smart fashion, one suited to my nature."

SARIFA

AFFILIATION: AI SPACE

"Don't say that! What I'm wearing is authentic Japanese clothing."

TSUKIKAGE

AFFILIATION: LUNA SPACE

STORY

Star Calendar, Year 2222

Humanity abandoned reality and decided to reside in Net Space. Net Space is divided into a number of factions, and every four years, they hold a concert for control of all the Spaces. With such high stakes at play, the heated battle between Space Idols shall commence!

Circus is a long-time visual novel producer which has brought many full-length games to the West with MangaGamer. Among one of the first investors in the Western market, Circus is happy to develop **Space Live** as their first title exclusively for the Western market - a big thank you for supporting our translations in the last decade!

Slight learning curve but once you know how abilities work for the heros you should be set.. It's awesome!!! Simple but hardcore gameplay and very cut graphiks. Very addicting, loads of fun for anybody. Can be hard to get used to from time to time, but over all i give it an 8/10.. This game is a very addictive strategy game. It is visually well done. The campaign is long enough for such a game. There are some missions that are really hard to beat. You have to replay them about 10-15 times before finding the right strategy. I really like this challenge.

This game is totally worth \$15.

The only downside is the lack of a Skirmish mode. It would be real fun to play Skirmish games after finishing the campaign.. only thing missing is save reply, or at least i did not find it. This game is a gem. Well polished. Easy yet a lot of strategy involved. I hope this one catches on. I have played MP finally and am hoping there is a base to keep this game afloat. Tons of Fun!. *Space Live - Advent of the Net Idols is a futuristic Japanese idol visual novel that tells us how humanity has abandoned reality and now everyone lives in a digital world. This new future is divided into five factions and each one has an idol to represent them. Every four years there's a competition between those girls to see which faction will prevail and win more followers, and that competition is a simple idol contest where millions of people will watch and cheer up for them.*

First off, there are a few important things I feel like pointing out before sharing my thoughts on Space Live; this is a kinetic novel, meaning that there are no choices to make, you only read the story. There is an interesting point tho: there are no male or female potential partners here, you'll see the girls and ONLY them interacting directly. There's a part near the ending a bit different, but the main focus of this novel isn't the romance between the girls and a male/female reader. I found that aspect enjoyable to be honest. The last thing is that this title is completely unvoiced. Usually, I don't mind that all. But I could feel myself wanting this VN to be voiced... The characters sing a lot and are very charismatic, so having to play this game unvoiced kinda ruined the fun in my opinion.

From what I could understand, each girl's design is based on a web browser: most scenes happen from the point of view of Ai E (Internet Explorer), from Macro Space. She's a sweet girl, a bit like your cliché protagonist anime girl; we then meet Sarifa (Safari), a very classy and busty lady from Ai Space. She looks pretty confident, but she has a cute side; G Chrome (Google Chrome) from Goggle Space is our next idol, she looks cute but rarely shows sign of any other expression other than her usual "blank face"; At the contest, we get to know Higitsune (Firefox) from Mosaic Space, a short(heh)tempered fox girl that really wants to win the idol contest. She's haughty, I usually dislike characters like that, but for some reason she became my favorite; And then there's Tsukikage (Lunaspae) from Luna Space. It seems like a current joke in the game that people aren't very interested in her (at least the host of the contest isn't since he never asks her many questions and he's very quick to ditch her lol).

I could say that there are five chapters according to the challenges that the girls must face: a singing contest, a swimsuit contest (which by the way shows a bit of uncensored nip slip), a "costumes and confessions" (kinda like a theatre), a race, and finally, a "final battle". The third chapter has the closest description of a "romance" that the reader could experience in the novel. About the technical details, the art style is amazing! The developers are the same from other great titles like Da Capo and Dal Segno. BGM was cute and catchy, but it got repetitive after a while. It also took me almost four hours to read the entire novel.

6/10. I highly recommend getting this title on a 50% off sale since it looks expensive for a game that begs to be voiced and it isn't. Overall, Space Live is a cute and generic visual novel that might be the right choice if you're in the mood to read something simple and that has its share of fanservice. There's no R18 patch here, meaning that this is the official version of the game.. Pretty much mushroom wars 1 with a graphics improvement. It has more online modes including 2v2 for fun with friends.

Singleplayer is there but it does lack a skirmish\free battle.

On the plus side there are a lot of missions and 2 campaigns to keep you occupied

So i recommend if you like mushroom wars 1 or similer games.

Price: £10 - £15 seems fair for what you get imo.

Performence: works perfect on 960m 200 - 300+ fps with vsync off and 60 fps with vsync on + sits around 50c for those that care.

microtrans: None +++++. this game cured my depression

I don't know where to start with this one. Was it bad by any stretch of the imagination? No. But it wasn't really much. I chuckled a few times here or there and i enjoyed it...but the price seems too steep for what it was. Higitsune is probably why i'll end up recommending it if you like fox girls (Which I do) but other than that there really isn't much here. I'm also currently playing the grisaia series and while that game cost much more it is also much more substantial.

I guess all in all play this for Higitsune if you like Fox Girls, her design is wonderful and I enjoyed it very much...but probably wait for a sale.. This is an interesting CYOA novella. In it you play as a ninja, just going through your graduation test, and then through a number of quests. Now, there are a lot of elements to the story that are interesting, though it ends rather abruptly.

Still, it is decent enough. Though perhaps wait until it is on discount.. Cute strategy game, nice learning curve through campaign. Quick and engaging matches in campaign and multiplayer.

nice graphics and artwork
cute cutscenes in campaign
dozens of maps to play with friends or against matchmade opponents
runs great on any PC, even my atom netbook from 2009 handled it well.

Give it a try and you will not regret it.. The best RTS I have ever played! 10/10, graphics, illustrations, gameplay, balance is really near to be perfect.

Be sure you will spend days playing interesting campaign and to become top in ranked games. Game is really awesome - it costs its money :). Smoke shrooms, feel the power, play this game. Shroomception bruv.. Great game would buy twice. Always dreamed of being a mushroom. Love this game. Played the original on PS3 and only happened to find the sequel when talking about the original nostalgicy. Well worth the \$15 I spent. Simple little RTS that's super fun.. This game is a gem. Well polished. Easy yet a lot of strategy involved. I hope this one catches on. I have played MP finally and am hoping there is a base to keep this game afloat. Tons of Fun!

Weekly Sales have begun!:

Hi All

This week we have set a huge selection of Playism games on Sale!

Check out the full list of all the Playism titles that are currently on sale!

[See sales on the Playism Publisher Page.](#)

[See sales on the Playism Blog](#). [blog.playism-games.com]. **Steam Summer Sales!:**

. **Golden Week Holiday Announcement:**

Hi All

We hope you are doing great and enjoying all the Playism games!

As Playism is based in Japan, we wanted to notify you all that due to the extended Japanese holidays this year for Golden Week at the start of May, we will be closing our offices and operations from April 27th to May 6th.

We apologize for any inconvenience this may cause, however, we will be back on May 7th, and shall handle all issues from then onwards.

Regards
The Playism Team

Playism. Ver 1.1.3.0 Update:

- Simplified Chinese added to available languages.
- Fixed bugs relating to graphic processing.
- Fixed bug where achievements were earned before the proper conditions were met.

. Ver 1.1.5.0 Update:

Hi all, we have updated the following:

- Korean added to available languages.
- Fixed a bug where after clearing the game once, the "game cleared" mark would disappear from data after one stage for the set difficulty setting.

. Pixel Game Maker MV - Now on Weekly Sale:

Hi Playism fans!

We are happy to announce that this week, we'll be offering Pixel Game Maker MV - the latest entry in the Maker series, currently being distributed by Playism - at a 20% off discount for our Weekly Sale.

https://store.steampowered.com/app/837510/Pixel_Game_Maker_MV_MV/

Pixel Game Maker MV allows you to create all sorts of original games without any programming ability required whatsoever. For example, you could even create your own version of La-Mulana 2!

*This image features a boss battle created using Pixel Game Maker MV.

Pixel Game Maker MV is currently in Early Access, and we're in the process of gathering feedback and requests from many of our players. Don't miss this opportunity to give the title a spin!

We hope you enjoy Pixel Game Maker MV!
