About This Game

Could you survive a zombie apocalypse?

"Zombie Exodus" is a thrilling 750,000-word interactive survival-horror novel by Jim Dattilo, where your choices control the story. It's entirely text-based--without animation or sound effects--and fueled by the vast, unstoppable power of your imagination.

It starts with a daring escape from your zombie-infested city, and it ends at Zombie Exodus, when a horde of zombies swarms outlying settlements like locusts.

Will you be a soldier, athlete, carpenter, minister, or scientist? Play as male or female, gay or straight, and even find romance in the post-apocalypse.

Are you ready for Zombie Exodus?

Solid but not spectacular shoot em up. It's missing any story elements and some basic options like resolution and...the ability to pause.....but the controls are solid. The gameplay can be hecetic, in a good way. It doesn't stand out in anyway, but it's servicable.

For more information and gameplay: <http://youtu.be/cmr5EepZKHI>. Devs really care about what they are making. Do not buy if you want to play. Buy if you want to support development.. Not a fan of the power-up system but everything else is absolutely fantastic.

If you like shmups, Super Hydorah is a must.. Its so hard. This one is a lot of fun. It can get pretty crazy. Seems faster paced than the other Luxor games I've played.. would buy plum gum for sure. Frederic is back with a new piano, a new ride and a new look. He no longer looks like a dirty Van Helsing, now he looks like a wanna be Michael Jackson. I have carpal tunnel in my left wrist after beating the game. I prefer the other games musical tracks to this one. These tracks are rather long and quite hard to beat on higher difficulty. Anyways, can't beat the price.

I enjoy text based adventure like these and this is another well done story.. Simple and with the taste of Football (not Soccer).. Nice simple western style game. The teaser movie of this game is funnier than the game itself.
Great idea but clearly not finished yet.

The bow (shooting birds) is not working well. Arrows will not always be placed well on the string of the bow. Throwing axes towards walking skeletons:an impossible task.

No one was online so a multiplayer or Lan game was not possible.

Hope there will be artificial opponents to be added to the game so you can dual without the multiplayer or Lan option.. 10/10 would recommend for children. I Highly Recommend Playing This Game Its So Fun 10/10 Excellent Game!. It is exploring game and somehow the mood of game makes it pretty scary! It gets stressfull to collect plants to keep your air up and make sure you don't drown because you have to start from beginning if you do. Puzzles are ok and game is very interesting. Music is beautiful. It is a good game.. Ore really shines when you have a steamlink and 3 friends on a couch(which is how I first played it) -but I've still had a great time in single player tbh. With crazy friendly fire and mass waves of npc's i think there is a pretty good amount of replayability as a party game. But it also has just enough difficulty\content\depth to keep me engaged for more sessions as well.
